To: All Northern California Participants and Beneficiaries Enrolled in the ILWU-PMA Coastwise Indemnity Plan

For a number of months, Blue Shield of California and Stanford Health (Stanford) have been engaged in discussions to renegotiate the terms of Stanford's hospital agreement for Stanford Medical Center, Valleycare Hospital, and Valley Memorial Hospital (LTC) serving Alameda and Santa Clara counties. Since they have not reached a new agreement, the hospital contract between Blue Shield of California and Stanford Health expired, effective April 30, 2018, at 11:59 p.m. Lucile Salter Packard Children's Hospital is not part of this contract termination.

What does this mean to you?

- The Trustees have agreed to provide coverage at 100% of the Maximum Allowable Charge (MAC) for claims with dates of service beginning May 1, 2018, through June 17, 2018. This is due to the fact that the contract between Blue Shield of California and Stanford expired. Please note that you may be responsible for charges above this amount.
- After June 17, 2018, you may continue to seek professional and/or hospital services from Stanford facilities and professional providers. However, reimbursement for any such services, other than emergency services, will be reimbursed at the lower "Out of Network" benefit level. You may be responsible for your annual deductible, coinsurance, and any charges above the MAC.
- If you wish to have your provider care and visits covered at the higher, in network benefit level, you must receive care from a Blue Shield of California contracted provider. You can call the Coastwise Claims Office at 800-955-7376 to get information on contracted providers or you may go online to Blue Shield's Find a Doctor page at: <https://www.blueshieldca.com/ilwupma>.

Below are the alternate hospitals contracted with Blue Shield of California that you may use. The distance listed is from Stanford Medical Center.
